# Simply migrate to the cloud

From on-premise to the cloud with EasySecure

# FROM THE ON-SITE SOLUTION TO A SECURE AND FLEXIBLE CLOUD SOLUTION.

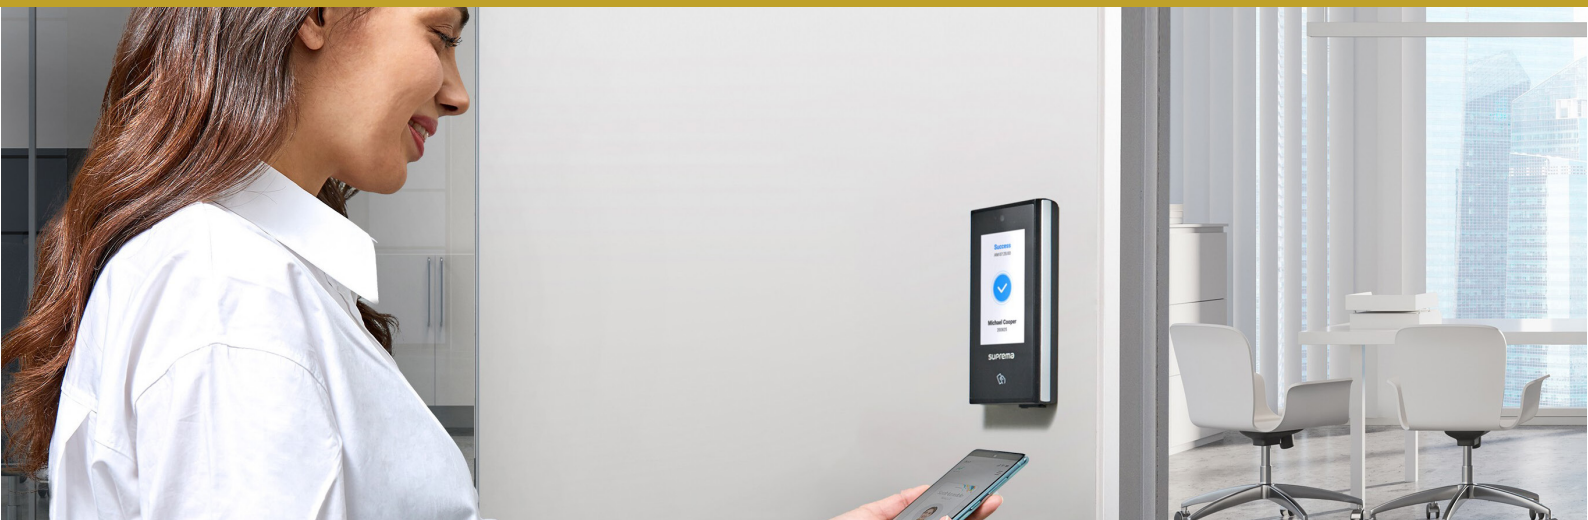

---

Does your company have a stationary access control system? Easily switch to the cloud with EasySecure, without any new cabling or replacing existing card readers. Benefit from a flexible, secure and cost-effective solution that is always up to date and easy to manage from a centralized environment. EasySecure enables a gradual transition to a cloud-based access control system. In this way, you reduce risks and maintain the existing infrastructure. With EasySecure, you always have a real-time presence and emergency overview available, from anywhere and wherever you are. Make your access control smarter, more efficient and more secure with EasySecure!

## Why should you opt for a cloud-based solution?

- ✓ **No expensive investments**  
Save on hardware and maintenance costs. You only pay for what you use.
- ✓ **Flexible and scalable**  
Easily adapt your access control to the growth of your company.
- ✓ **Access anytime and anywhere**  
Manage access rights securely via an online platform, on any device.
- ✓ **Maximum security**  
Advanced security, AVG-compliant and ISO 27001-certified
- ✓ **Lean integrations**  
More than 120 links to HR systems, Active Directory and other software platforms.

## Comparison between on-premise and cloud

Kenmerk	On-Premise	EasySecure Cloud
Costs	High maintenance costs	No hardware investment
Technology	Obsolete systems	Always up to date with the latest innovations
Flexibility	Limited scalability	Simple scaling up and down
Administration	Manual updates and management	Automatic updates and central management
Security	Limited protection and backups	Advanced security and disaster recovery
Integration	Limited possibilities	Integration into ongoing processes within the organization to improve and optimize processing.

Switch from the on-site solution to the cloud easily and without new hardware with EasySecure. Access control, time registration, compulsory attendance or simply expand with visitor management. We provide the solution for you. We offer a scalable solution for every organization with over 120 integration options. Registration is possible with smartphone, QR code, card, PIN-code and/or biometrics. Automatically monitor start, stop and break times or register per department or activity.

And with 24/7 access to our dashboards, you are always up to date, wherever you are.

# Discover the advantages of EasySecure

Request a no-obligation demo today!

Does your company still have an access control system installed on site? Easily switch to the cloud without rewiring or replacing existing card readers. EasySecure offers a flexible, secure and cost-effective solution that is always up to date and easy to manage from a centralized environment. With our step-by-step migration, you retain your existing infrastructure while benefiting from the latest innovations.
